Importing references from ARTstor to Endnote

1. Click the thumbnails of the items you want to send to Endnote.

2. Choose “Save citations for selected images” from the Tools menu.

3. Click Tools again, and choose “View and Export Citations.”

4. (from the popup window)
   a. Click Select All
   b. Choose “Directly export into Endnote” and select a format.
Importing references from ARTstor to Endnote

Step 5: save the file someplace convenient, like your Desktop or Downloads folder. Note the file name is ARTstor_Citations.

Step 6: open your Endnote account.
   a. From the Collect tab, choose Import References.
   b. Click Browse and find the ARTstor_Citations file you saved on your computer.
   c. Under Import Option, choose ARTstor.
   d. Under TO: select Unfiled.
   e. Click the Import button.

Step 7: the references will be in your unfiled folder. Be sure to "clean them up" as we discussed in class!
