Final Assignment

In a 5-7page APA style 12 point Times New Roman font paper reference the professional goals identified in the Pre-Module paper. In what ways has Module 1 influenced you and your classroom pedagogy? What new goals or ideas emerged for you that has influenced you as an educator? Cite these influences; identify specific examples, topics, and/or theorists. Discuss and analyze how they have influenced your thinking as a result of this course? Use examples from the classroom experience we shared, as well as within your own experience as an educator to reinforce your perspectives. What are the challenges that continue to exist? Address what your native culture has taught you about child and adolescent development and how that resonates with or contradicts perspectives presented in the course.
Create an image, poem or use another form of expression that artistically represents the phenomena you are exploring.
